- Use all the insider tips and strategies to bring you in just two weeks at level 50
- Optimize your Templar for every conceivable situation
- Earn Kinah like there's no tomorrow with the efficient Kinah farming strategies that are tailored specifically to your Templar.
- Get the list of essential macros that will bring your templar the decisive advantage
- Surprise your opponents with stigma-skills that are not only effective but also fit your style of play.
- Recommended lists of equipment for each Templar Build

Are these **YOUR** problems too?

Your group always wipes in instances because you don't build up enough aggro nor can you keep it?

Ranged damage dealers such as hunters and mages are kiting you on the battlefield, like being a stupid mob?

Is it hard for you even to defeat a single chanter in PvP?

You never wear the cutting-edge equipment for your level because you never have enough Kinah? Now, you no longer need to worry about it!

This *aion templar guide* solves all these and more problems with proven strategies and techniques that come directly from elite players of the Templar class. Find out how you become a real hardcore Templar, and not just a wooden shield with two legs!

It's also important to know that this [aion templar guide](#) explains 100% legal methods and therefore there is absolutely no risk to your account!

The Aion Templar Guide is available in ENGLISH language and you'll have a lifetime option for free updates for this guide. It keeps up with all the new patches so that you are always uptodate.
