Florensia Online Free Download MMORPG Game

Florensia is a free three dimensional fantasy MMORPG set in an aquatic world with vast seas, ships, and islands. Released by Alaplaya, this game is known for having high quality graphics, as seen in the game trailer below. It also features many different classes to play, making it easy to customize a character to personal likes.

Florensia Online Features

- ✔ Twelve unique character classes to suit any battle preference!
- ✔ Build your own ship to sail the Florensia seas!
- ✔ Gain both land and sea levels!
- ✔ Enjoy multiple ways of playing PvP – on land and sea, alone or with parties!

Florensia offers A Dozen Unique Character Classes to Choose From

Character classes are very important in any video game, and Florensia features twelve different ones with unique characteristics. The classes include the Explorer, which can be branched into an Excavator or a Sniper, the Mercenary, which can become a Gladiator or a Guardian Swordsman, the Noble, which can turn into a Court Magician or a Magic Knight, and the Saint, who can become a Priest or a Shaman. Each class can be changed at level 40 into the next job, or the player can opt to stay with the original class they chose.

In Florensia you Sail the Seas with your Own Ship

Since the world in Florensia relies so heavily on both land and seas, players will need to create their own ship in order to get around. The ship will be completely customized as well, since it is built to the gamer's specifications. There are five main ship types to be customized. Players will even have large scale battles on the seas, fighting against other enemy ships and ocean monsters. To boost the power of the ship, crew members can be hired to help out with steering, weaponry, and more aspects of sailing on the open seas.

Gain Experience and Levels on Land and Sea

As opposed to many other online MMORPGs that simply have you leveling on land, Florensia offers versatile by having quests and dungeons on land and sea. Discover a map that includes islands to explore and uncover, as well as hidden gems in the sea, found by navigating your own boat. Utilizing the whole world is important, as there are separate skill trees for both land abilities and naval skills. Finding the best combination of the two is what will give gamers the best edge wherever they are fighting in this really nice MMORPG Florensia Online.

Discover Multiple Ways of Competing

The social aspect of Florensia online adds to the overall gaming experience. PvP is an especially great feature in the online game *Florensia*. There are many different ways to experience player versus player combat in this game, due to the inclusion of ships. Players can fight on the sea or on land. They can also fight individually in a duel, or parties can fight other parties, leading to a multiplayer battle on both sides. Guilds can also battle each other in "Guild Wars", which are large scale battles with huge reward opportunities.
