Talisman Online offers Five Unique Character Classes

A character class is what makes up the bulk of a character. It determines how a gamer can play their character, so the more classes that are available, the more customization there is. [Talisman Online](#) features five different classes, including the Monk, Wizard, Assassin, Fairy, and Tamer. Wizards can be either gender, while a Fairy or a Tamer can only be female and an Assassin and a Monk can only be male. Talisman Online Features a High Level Cap

Games that have a low level cap can't be enjoyed for as long. Luckily, Talisman Online features a very high level cap of 75, and it shows signs of being updated in the future. This means that gamers can play one character, trying to reach the highest level in the game by getting experience through quests, battles, and community events. As the level cap grows, new content is added for the high-level characters. This helps to keep Talisman Online a new and exciting game, even for those players who are veterans.

Special Weekly Events and Community Events

There are weekly events that individual gamers can complete for new rewards and experience. There is also a City War each week, in which guilds compete with each other to receive rewards and new ranks. In addition to these regularly scheduled events, there are also special weekends and holiday events. These special events can give players unique items, a higher drop rate, double experience, and more.
